`st.cache` is deprecated and will be removed soon. Please use one of Streamlit's new caching commands, `st.cache_data` or `st.cache_resource`. More information [in our docs](#).

Note: The behavior of `st.cache` was updated in Streamlit 1.36 to the new caching logic used by `st.cache_data` and `st.cache_resource`. This might lead to some problems or unexpected behavior in certain edge cases.
